

## GRMC and Potomac Valley Hospital welcome Poznanski to medical staff

October 6, 2025

KEYSER, W.Va. — Potomac Valley Hospital and Garrett Regional Medical Center in Oakland both proud members of the WVU Medicine system, are pleased to announce the addition of Noah J. Poznanski, MD, to their medical staff.

Dr. Poznanski will provide specialized care in nephrology and critical care medicine to patients across the region.

Dr. Poznanski earned his medical degree from Jagiellonian University Medical College in Krakow, Poland. He completed his residency in Internal Medicine at Marshall University, followed by fellowship training in nephrology at Johns Hopkins University and critical care medicine at West Virginia University.

His dual expertise brings advanced knowledge in the management of kidney disease as well as the care of critically ill patients requiring intensive treatment.

In the field of nephrology and hypertension, Dr. Poznanski diagnoses and manages rare kidney and electrolyte disorders, hypertensive conditions, and chronic kidney disease. He also provides care for patients requiring dialysis, including in-center hemodialysis, home hemodialysis, and peritoneal dialysis.

In addition, he conducts initial evaluations for kidney transplantation and manages patients following transplantation. His work in critical care medicine focuses on the diagnosis and treatment of patients with acute, life-threatening medical conditions in the medical intensive care unit.

"We are excited to welcome Dr. Poznanski to our team," said Mark Boucot, president and CEO of Potomac Valley Hospital and Garrett Regional Medical Center.

"His training and experience will significantly enhance the specialized care we are able to provide to our patients, particularly those with complex kidney conditions or critical care needs."

Dedicated to compassionate, patient-centered care, Dr. Poznanski looks forward to serving the communities of Mineral and Garrett counties, as well as surrounding areas.

*Noah Poznanski has joined the medical staff at WVU Potomac Valley Hospital and Garrett Memorial Hospital.*

Patients requiring nephrology or critical care services at Potomac Valley Hospital or Garrett Regional Medical Center will now benefit from Dr. Poznanski's expertise, further strengthening both hospitals' mission to deliver high-quality, comprehensive healthcare close to home.

Dr. Poznanski will be seeing inpatients at Potomac Valley Hospital and will also be scheduling appointments at Garrett Regional Medical Center's Nephrology Clinic in Oakland. To schedule an appointment, please call 301-533-4565.
