PARKERSBURG — WVU Medicine Camden Clark celebrated the expansion of services in south Parkersburg at a ribbon-cutting ceremony Thursday in the Southgate Medical Complex on Pike Street.

The expansion included new clinic space for general surgery, occupational medicine and podiatry.

On Friday, iPacket and Astorg Auto family of businesses donated \$12,000 to the Camden Clark Foundation Pink Mammogram Fund to support the foundation and efforts made locally to combat breast cancer.

The Drive Pink Month check presentation was held at Camden Clark's Medical Office Building B on Garfield Avenue.

For more than a decade, the Camden Clark Foundation's Pink Mammogram Fund has provided free screening mammograms, associated diagnostics and biopsies when indicated for uninsured or underinsured patients in the Mid-Ohio Valley and surrounding communities. The Pink Mammogram Fund has paid for more than 3,000 free procedures for local patients since its establishment.
